

GARDENING WORKSHOP AT BEDFORD FARMS

**NEW
ADULT
PROGRAM**

Have a hankering for salad greens on demand? Come learn how to create a “salad bowl planter” with Max Apton, owner of the Bedford Farms Nursery. Participants in this hands-on seminar will learn how to combine greens such as lettuce, arugula, spinach and chard in a small patio-sized container for repeat harvest. Class attendees will join Max in the Bedford Farms’ greenhouse and will each take home a 13-inch planter, freshly planted with organic salad greens that have been grown from seed at the nursery.

SATURDAY, APRIL 27, 10AM

Bedford Farms

235 Greenwich Road
Bedford, NY
